IMH Case Managers celebrate Case Management Week

Case Managers at IMH celebrated Case Management Week from 2nd Dec to 6th Dec.

Our case managers came together and planned a week of activities for their patients, staff and colleagues.

Volunteers from the community were also invited to participate.

On day one, we had a sumptuous lunch with Senior Management, appreciation gifts from our Human Resource department and an inspirational talk by a volunteer who does volunteer work in Singapore and overseas.

The following days were devoted to bring delight and joy to our patients.

With the assistance of professional volunteer hair stylists, manicurists and makeup artists, case managers gave more than 100 patients joy with haircuts, facials and nail painting.

We also had our 'Happy boxes' filled with donated items for our patients to give to our patients.

Ginger Bread baking and decorating followed with active participation by patients as well as our staff.

Indeed, case managers worked tirelessly to fulfil these ideas which in turn became dreams for our patients.

Compliments from some of the patients who received the free haircut, manicure and make up and donated items:

"Thank you very much, it is such a good experience and helped me to get my confidence" CT

"I am appreciative of Valerie (Mok) for doing this make-up for me" Julie T

"I had this manicure. It is very sweet and heart-warming, thank you for this experience" Joey.

Basic Case Management workshop – Oct 17, 18, 24, 25, 2019

The October Basic Case Management Workshop was held at the Kwong Wai Shui Hospital.

31 participants from various healthcare institutions attended this 4-day workshop conducted by 21 speakers.

Some topics covered during the workshop include the Concepts and Models of Case Management, Advance Care Planning, and the Introduction to Motivational Interviewing.

The workshop was well-received by all participants as the topics were informative and provided an overview of the various case management aspects in our Singapore healthcare setting.

There were a lot more small group discussions and interaction.

Do continue to look out for the next workshop details in 2020.
